

Plant Information

Common Name: Celosia
Scientific Name: Celosia spp.
Plant Type: Annuals

Physical Characteristics

Height/Spread: 0.3-1 meters tall, 0.2-0.5 meters wide
Growth Rate: Moderate
Flower Color(s): Red, orange, yellow, pink, purple
Foliage Color(s): Green
Bloom Time: Summer to Fall

Plant Description

Celosia, also known as cockscomb, is a vibrant annual plant that adds a pop of color to any garden or landscape. With its unique flower heads in various shades and sizes, Celosia can attract pollinators and brighten up any space. This hardy plant thrives in full sun and moderate watering, making it an easy-care option for both beginner and experienced gardeners. Its drought-tolerant nature and low maintenance level make it a popular choice for borders, containers, and mixed plantings. Consider adding Celosia to your garden to enjoy its stunning blooms throughout the summer and fall seasons.

Optimal Growing Requirements

Sun: Full Sun

Soil: Well-draining, fertile soil

Water: Moderate Watering

Hardiness Zone(s): Zone 9-11

Maintenance & Care

Maintenance Level: Low
Potential Pests & Diseases: Aphids, spider mites, powdery mildew

Additional Information

Special Features: Drought-tolerant, attracts pollinators
Common Uses: Border plant, container plant
