Plant Description

Spanish Daisy, also known as *Bellis perennis*, is a charming perennial plant that adds a pop of color to any garden with its white, pink, or red flowers. This low-maintenance plant blooms in spring and summer, attracting pollinators to your garden. With its moderate growth rate and preference for full sun and well-drained soil, Spanish Daisy is perfect for borders or as a ground cover. Pair it with companion plants like pansies, dianthus, or alyssum for a beautiful garden display. Embrace the beauty and simplicity of Spanish Daisy in your landscaping.

Optimal Growing Requirements

Sun: Full Sun

Soil: Loamy, Well-drained

Water: Moderate Watering

Hardiness Zone(s): Zones 3-8

Maintenance & Care

Maintenance Level: Low
