

## Plant Information

Common Name: Achillea SS Sangria  
Scientific Name: Achillea millefolium 'Sangria'  
Plant Type: Perennial

## Physical Characteristics

Height/Spread: 30-60 cm tall, 30-45 cm wide  
Growth Rate: Moderate  
Flower Color(s): Red  
Foliage Color(s): Green  
Bloom Time: Summer

## Plant Description

Achillea SS Sangria is a stunning perennial known for its bright red flowers that bloom in summer. This low-maintenance plant thrives in full sun and well-drained soil, making it ideal for borders or cutting gardens. Its drought-tolerant nature and attractiveness to butterflies make it a popular choice for gardeners looking to add color and wildlife to their landscapes. Pair it with other sun-loving perennials like Echinacea and Salvia for a beautiful and vibrant garden display. Achillea SS Sangria is sure to add a pop of color and interest to any outdoor space.

## Optimal Growing Requirements

Sun: Full Sun

Soil: Well-drained, sandy or loamy soil

Water: Low to Moderate Watering

Hardiness Zone(s): Zones 3-9

## Maintenance & Care

Maintenance Level: Low  
Potential Pests & Diseases: Generally pest and disease-resistant

## Additional Information

Special Features: Drought-tolerant, attracts butterflies  
Common Uses: Border plant, cut flowers, pollinator garden
