

Plant Information

Common Name: Achillea Sky Fire
Scientific Name: Achillea millefolium 'Sky Fire'
Plant Type: Perennials

Physical Characteristics

Height/Spread: 30-45 cm in height, 30-45 cm in spread
Growth Rate: Moderate
Flower Color(s): Red, orange, and yellow
Foliage Color(s): Green
Bloom Time: Summer

Plant Description

Achillea Sky Fire is a stunning perennial plant with vibrant red, orange, and yellow flowers that bloom in the summer. Its green foliage provides a beautiful contrast, making it a popular choice for borders, cutting gardens, and pollinator gardens. This low-maintenance plant is drought-tolerant and attracts butterflies, adding color and life to any landscape. Plant it in well-drained sandy loam soil in full sun to enjoy its moderate growth rate and long-lasting blooms. Consider pairing Achillea Sky Fire with companions like Salvia, Echinacea, or Sedum for a harmonious and colorful garden display.

Optimal Growing Requirements

Sun: Full Sun

Soil: Well-drained, sandy loam

Water: Low to Moderate Watering

Hardiness Zone(s): Zones 3-9

Maintenance & Care

Maintenance Level: Low
Potential Pests & Diseases: Generally pest and disease resistant

Additional Information

Special Features: Drought-tolerant, attracts butterflies
Common Uses: Border plant, cutting garden, pollinator garden
