

### Plant Information

Common Name: Appleblossom Burst Pink Dianthus  
Scientific Name: Dianthus PP Appleblossom Burst  
Plant Type: Perennials

### Physical Characteristics

Height/Spread: 20-30 cm height, 20-30 cm spread  
Growth Rate: Moderate  
Flower Color(s): Pink and white  
Foliage Color(s): Green  
Bloom Time: Spring and Summer

### Plant Description

Dianthus PP Appleblossom Burst is a charming perennial plant with pink and white flowers that bloom in spring and summer. It thrives in full sun and well-draining soil, requiring low to moderate watering. With its fragrant flowers, it makes a lovely addition to borders, containers, and rock gardens. This plant is low maintenance and attracts pollinators to the garden. Pair it with companions like lavender, salvia, and sedum for a beautiful landscape display that will brighten up any garden space.

### Optimal Growing Requirements

Sun: Full Sun

Soil: Well-draining, fertile soil

Water: Low to Moderate Watering

Hardiness Zone(s): Zone 3-9

### Maintenance & Care

Maintenance Level: Low to Moderate
