## Plant Description

Aster n-b Royal Ruby is a stunning perennial plant that produces beautiful purple flowers in late summer to fall. With its moderate growth rate and low maintenance needs, this plant is perfect for borders, containers, or cut flower arrangements. Its deer-resistant nature and ability to attract butterflies make it a valuable addition to any garden. Plant alongside companions like Black-eyed Susan or Russian Sage for a visually striking display in your landscape. Choose a sunny spot with well-draining soil for optimal growth of this lovely Aster variety.

## Optimal Growing Requirements

Sun: Full Sun

Soil: Loamy, well-draining soil

Water: Moderate Watering

Hardiness Zone(s): Zones 3-9

## Maintenance & Care

Maintenance Level: Low  
Potential Pests & Diseases: Aster yellows, powdery mildew

## Additional Information

Special Features: Deer resistant, attracts butterflies  
Common Uses: Borders, containers, cut flowers
