Bloom Time: Summer

Plant Description

Astilbe Delft Lace# is a stunning perennial plant with lush, green foliage and delicate pink flowers that bloom in the summer. Its moderate growth rate and low maintenance make it a popular choice for gardeners looking to add color and texture to their landscape. This plant thrives in part shade and high watering conditions, making it perfect for woodland gardens or as a border plant. Astilbe Delft Lace# is also deer resistant and attracts butterflies, adding beauty and wildlife to your outdoor space. Pair it with hostas, ferns, and coral bells for a visually appealing garden display.

Optimal Growing Requirements

Sun: Part Shade

Soil: Moist, well-draining soil

Water: High Watering

Hardiness Zone(s): Zone 3-8

Maintenance & Care

Maintenance Level: Low
Potential Pests & Diseases: Slugs, powdery mildew

Additional Information

Special Features: Deer resistant, attracts butterflies
Common Uses: Border plant, woodland gardens
