Plant Description

Hibiscus syriacus 'Blue Chiffon' is a beautiful shrub that adds a touch of elegance to any garden. With its light blue double flowers and green foliage, this plant blooms in the summer and attracts butterflies with its fragrant flowers. It is easy to care for, requiring only moderate watering and full sun. This shrub is drought-tolerant and can be used as a border plant or a specimen plant in a garden. Pair it with companions like Russian sage and butterfly bush for a stunning landscape. Hibiscus syriacus 'Blue Chiffon' is a must-have for any gardener looking to add a touch of charm to their outdoor space.
