Bloom Time: Late Spring to Early Summer

Plant Description

Campanula Blue Waterfall, also known as Blue Waterfall Bellflower, is a stunning perennial with cascading violet-blue flowers that bloom from late spring to early summer. This low-maintenance plant thrives in well-drained soil and is perfect for borders or ground cover. Its attractive foliage and ability to attract butterflies and bees make it a beautiful addition to any garden. Pair it with companions like Salvia, Coreopsis, or Sedum for a vibrant and eye-catching display. With its moderate growth rate and moderate water needs, Campanula Blue Waterfall is a versatile and charming plant for Canadian landscapes.

Optimal Growing Requirements

Sun: Full Sun to Part Shade

Soil: Well-drained, loamy soil

Water: Moderate Watering

Hardiness Zone(s): Zones 3-8

Maintenance & Care

Maintenance Level: Low
Potential Pests & Diseases: Slugs, snails

Additional Information

Special Features: Attracts butterflies and bees
Common Uses: Ground cover, border plant
