Bloom Time: Spring to early summer

Plant Description

Campanula m Champion Blue, also known as Champion Blue Bellflower, is a delightful perennial plant that produces vibrant purple-blue flowers in the spring to early summer. With a moderate growth rate and low maintenance requirements, this plant is perfect for borders, rock gardens, or containers. Its green foliage provides an attractive backdrop for the colorful blooms, which attract bees and butterflies to the garden. Best planted in well-drained, loamy soil and positioned in full sun to part shade areas, Campanula m Champion Blue is an excellent choice for gardeners looking to add a pop of color to their landscape.

Optimal Growing Requirements

Sun: Full Sun to Part Shade

Soil: Well-drained, Loamy soil

Water: Moderate Watering

Hardiness Zone(s): Zones 3-8

Maintenance & Care

Maintenance Level: Low
Potential Pests & Diseases: Slugs, snails, powdery mildew

Additional Information

Special Features: Attracts bees and butterflies
Common Uses: Border plant, rock gardens, containers
