

## Plant Information

Common Name: Columbine  
Scientific Name: Aquilegia EB Red White  
Plant Type: Perennials

## Physical Characteristics

Height/Spread: 30-60 cm tall, 30 cm spread  
Growth Rate: Moderate  
Flower Color(s): Red and white  
Foliage Color(s): Green  
Bloom Time: Late Spring to Early Summer

## Plant Description

Aquilegia EB Red White, also known as Columbine, is a stunning perennial plant that produces unique red and white flowers in late spring to early summer. This low-maintenance plant thrives in part shade to full sun and attracts hummingbirds and butterflies to the garden. With its moderate growth rate and preference for well-draining soil, Aquilegia EB Red White is a great choice for borders or containers. It is best suited for zones 3-8 and can be paired with plants like Phlox, Astilbe, and Hosta for a beautiful garden display.

## Optimal Growing Requirements

Sun: Part Shade to Full Sun

Soil: Loamy, well-draining soil

Water: Moderate Watering

Hardiness Zone(s): Zones 3-8

## Maintenance & Care

Maintenance Level: Low  
Potential Pests & Diseases: Susceptible to aphids and powdery mildew

## Additional Information

Special Features: Attracts hummingbirds and butterflies  
Common Uses: Border plant, container plant
