

## Plant Information

Common Name: Crane Dance Geranium  
Scientific Name: Geranium m Crane Dance  
Plant Type: Perennials

## Physical Characteristics

Height/Spread: 30-45 cm in height, 30-45 cm in spread  
Growth Rate: Moderate  
Flower Color(s): Mauve  
Foliage Color(s): Green  
Bloom Time: Spring, Summer, Fall

## Plant Description

Geranium m Crane Dance is a beautiful perennial plant with mauve flowers that bloom throughout spring, summer, and fall. Its green foliage adds a lovely contrast to the flowers. This low-maintenance plant is drought-tolerant and attracts pollinators to the garden. Ideal for borders or ground cover, Crane Dance Geranium thrives in well-drained soil and moderate watering conditions. With its moderate growth rate and adaptability to full sun or part shade, this plant is a versatile choice for Canadian gardens. Pair it with companions like Salvia, Sedum, or Lavender for a stunning garden display.

## Optimal Growing Requirements

Sun: Full Sun, Part Shade

Soil: Well-drained

Water: Moderate Watering

Hardiness Zone(s): Zone 3-9

## Maintenance & Care

Maintenance Level: Low  
Potential Pests & Diseases: Rarely affected by pests or diseases

## Additional Information

Special Features: Drought-tolerant, attracts pollinators  
Common Uses: Border plant, ground cover
