Plant Description

Delphinium MF Lavender wht B is a stunning perennial that produces tall spikes of beautiful lavender flowers with white centers. It blooms in late spring to early summer and is a favorite among butterflies for its nectar-rich blooms. This plant prefers full sun and moderate watering, making it suitable for cottage gardens or mixed borders. With its deer-resistant properties and moderate maintenance level, it adds charm and elegance to any landscape. Consider planting Delphinium MF Lavender wht B alongside roses, daisies, or salvia for a visually appealing garden display.

Optimal Growing Requirements

Sun: Full Sun

Soil: Well-drained, fertile soil

Water: Moderate Watering

Hardiness Zone(s): Zone 3-7

Maintenance & Care

Maintenance Level: Moderate

Potential Pests & Diseases: Susceptible to powdery mildew, aphids, and slugs

Additional Information

Special Features: Attracts butterflies, deer-resistant

Common Uses: Border plant, cut flower, cottage garden
