

## Plant Information

Common Name: Diervilla Nightglow  
Scientific Name: Diervilla sessilifolia 'LPDC Podaras'  
Plant Type: Shrub

## Physical Characteristics

Height/Spread: 0.6-1 meters tall and 0.6-1.2 meters wide  
Growth Rate: Moderate  
Flower Color(s): Yellow  
Foliage Color(s): Dark purple  
Bloom Time: Summer

## Plant Description

Diervilla Nightglow is a stunning shrub with striking dark purple foliage and bright yellow flowers that bloom in the summer. This moderate-growing plant is perfect for adding color to your garden and attracting pollinators. Its drought-tolerant nature and low maintenance requirements make it an excellent choice for borders, mass plantings, and rock gardens. Resistant to most pests and diseases, Diervilla Nightglow thrives in well-draining, fertile soil and can tolerate a range of sunlight conditions. Consider pairing it with coneflowers, salvia, or sedum for a visually pleasing garden display.

## Optimal Growing Requirements

Sun: Full sun to part shade

Soil: Well-draining, fertile soil

Water: Moderate watering

Hardiness Zone(s): Zone 4-7

## Maintenance & Care

Maintenance Level: Low  
Potential Pests & Diseases: Resistant to most pests and diseases

## Additional Information

Special Features: Drought-tolerant and attracts pollinators  
Common Uses: Ideal for borders, mass plantings, and rock gardens
