

## Plant Information

Common Name: Double Bubble Carnation  
Scientific Name: Dianthus PP Double Bubble  
Plant Type: Perennial

## Physical Characteristics

Height/Spread: 20-25 cm in height, 15-20 cm in spread  
Growth Rate: Moderate  
Flower Color(s): Pink  
Foliage Color(s): Green  
Bloom Time: Late spring to early summer

## Plant Description

Dianthus PP Double Bubble is a charming perennial plant that produces beautiful pink flowers in late spring to early summer. It has a moderate growth rate and requires low maintenance, making it an excellent choice for borders, containers, and rock gardens. The fragrant flowers attract butterflies, adding a touch of beauty to any garden. With its preference for full sun and moderate watering, this double bubble carnation is well-suited for Canadian gardens in hardiness zones 4 to 7. Pair it with lavender, echinacea, or salvia for a stunning display of colors and textures.

## Optimal Growing Requirements

Sun: Full Sun

Soil: Well-draining, fertile soil

Water: Moderate Watering

Hardiness Zone(s): Zone 4-7

## Maintenance & Care

Maintenance Level: Low  
Potential Pests & Diseases: Aphids, spider mites, root rot

## Additional Information

Special Features: Fragrant flowers, attracts butterflies  
Common Uses: Borders, containers, rock gardens

## Notes
