

## Plant Information

Common Name: Emily McKenzie Crocosmia  
Scientific Name: Crocosmia 'Emily McKenzie'  
Plant Type: Perennials

## Physical Characteristics

Height/Spread: 0.5-1 meter tall, 0.3-0.5 meters wide  
Growth Rate: Moderate  
Flower Color(s): Red and orange  
Foliage Color(s): Green  
Bloom Time: Summer

## Plant Description

Crocosmia 'Emily McKenzie' is a stunning perennial featuring red and orange flowers that bloom in the summer. This plant thrives in full sun to partial shade and requires moderate watering. With its attractive foliage and ability to attract hummingbirds while being deer resistant, it makes a lovely addition to any garden or landscape. Ideal for borders or as cut flowers, this low-maintenance plant is sure to add a pop of color to your outdoor space. Pair it with companions like Salvia, Echinacea, or Rudbeckia for a beautiful and harmonious garden display in Canadian climates.

## Optimal Growing Requirements

Sun: Full Sun to Partial Shade

Soil: Well-drained, fertile soil

Water: Moderate Watering

Hardiness Zone(s): Zone 6-9

## Maintenance & Care

Maintenance Level: Low  
Potential Pests & Diseases: Slugs, snails, aphids

## Additional Information

Special Features: Attracts hummingbirds, deer resistant  
Common Uses: Border plant, cut flowers
