Plant Description

Hydrangea paniculata 'Fire Light' is a stunning shrub with large panicles of white flowers that age to shades of pink and finally deep red in late summer and fall. The dark green foliage provides a beautiful backdrop for the changing flower colors. This hydrangea is easy to care for, drought-tolerant, and attracts pollinators to the garden. It is an excellent choice for borders or as a specimen plant, adding color and interest to your landscape throughout the growing season. Pair Fire Light Hydrangea with ornamental grasses, coneflowers, and Russian sage for a harmonious garden display.
