

Plant Information

Common Name: Forget-Me-Not
Scientific Name: Myosotis Bellamy Blue
Plant Type: Perennials

Physical Characteristics

Height/Spread: 15-30 cm in height, 15-30 cm in spread
Growth Rate: Moderate
Flower Color(s): Bright blue with yellow centers
Foliage Color(s): Green
Bloom Time: Spring to early summer

Plant Description

Myosotis Bellamy Blue, commonly known as Forget-Me-Not, is a charming perennial plant that produces clusters of bright blue flowers with yellow centers during the spring to early summer. It grows to a height of 15-30 cm and spreads equally, making it a perfect choice for borders, rock gardens, and containers. With moderate watering and full sun to part shade exposure, this plant is easy to care for and adds a pop of color to any garden. Forget-Me-Not is also a favorite among bees and butterflies, making it a great choice for pollinator-friendly landscapes.

Optimal Growing Requirements

Sun: Full Sun to Part Shade

Soil: Well-drained, fertile soil

Water: Moderate Watering

Hardiness Zone(s): Zones 3-8

Maintenance & Care

Maintenance Level: Low
Potential Pests & Diseases: Susceptible to powdery mildew and slugs

Additional Information

Special Features: Attracts bees and butterflies
Common Uses: Ideal for borders, rock gardens, and containers
