

## Plant Information

Common Name: Geranium Blue Blood  
Scientific Name: Geranium 'Blue Blood'  
Plant Type: Perennials

## Physical Characteristics

Height/Spread: 0.3 meters tall and 0.4 meters wide  
Growth Rate: Moderate  
Flower Color(s): Deep blue  
Foliage Color(s): Dark green  
Bloom Time: Late Spring to Early Fall

## Plant Description

Geranium Blue Blood is a stunning perennial plant with deep blue flowers that bloom from late Spring to early Fall. Its dark green foliage contrasts beautifully with the vibrant blooms, making it a popular choice for borders, rock gardens, and containers. This low-maintenance plant is drought-tolerant and attracts butterflies to the garden. It thrives in well-draining, loamy soil and prefers full sun to part shade. With its moderate growth rate and resistance to pests and diseases, Geranium Blue Blood is a versatile and attractive addition to any Canadian garden.

## Optimal Growing Requirements

Sun: Full Sun to Part Shade

Water: Moderate Watering

Soil: Well-draining, loamy soil

Hardiness Zone(s): Zone 3-5

## Maintenance & Care

Maintenance Level: Low  
Potential Pests & Diseases: Generally pest and disease resistant, but may be susceptible to root rot if overwatered.

## Additional Information

Special Features: Drought-tolerant, attractive to butterflies  
Common Uses: Ideal for borders, rock gardens, and containers
