Plant Description

Hydrangea m ES the Original, also known as Hydrangea macrophylla ES the Original, is a beautiful shrub with stunning pink or blue flowers that bloom in the summer. Its moderate growth rate and low maintenance level make it a great choice for gardens and landscapes. This hydrangea prefers part shade and moderate watering, and is best suited for zones 3-7 in Canada. With its ability to change flower color based on soil pH and its attractiveness to butterflies, Hydrangea m ES the Original adds a unique touch to any garden. Partner it with hostas, Japanese maple, or astilbe for a gorgeous landscape display.

Optimal Growing Requirements

Sun: Part Shade

Soil: Well-drained, fertile soil

Water: Moderate Watering

Hardiness Zone(s): Zone 3-7

Maintenance & Care

Maintenance Level: Low
Potential Pests & Diseases: Aphids, Powdery Mildew

Additional Information

Special Features: Can change flower color based on soil pH, attracts butterflies
