Plant Description

Eupatorium fi Ivory Towers, also known as Ivory Towers Joe Pye Weed, is a stunning perennial with creamy white flowers that bloom from summer to early fall. This low-maintenance plant thrives in full sun to part shade and attracts butterflies and bees to the garden. With its dark green foliage and moderate growth rate, Ivory Towers is an excellent choice for border plantings or pollinator gardens. Hardy in zones 3-9, this plant is a charming addition to any landscape, especially when paired with companions like Black-eyed Susan and Russian Sage. Bring a touch of elegance to your garden with Ivory Towers Joe Pye Weed.

Optimal Growing Requirements

Sun: Full Sun to Part Shade

Soil: Loamy, well-draining

Water: Moderate Watering

Hardiness Zone(s): Zones 3-9

Maintenance & Care

Maintenance Level: Low

Potential Pests & Diseases: Susceptible to powdery mildew

Additional Information

Special Features: Attracts butterflies and bees
