Bloom Time: Spring

Plant Description

The Lady In Red Japanese Maple is a stunning tree known for its striking reddish-purple foliage, adding a pop of color to any landscape. With a slow growth rate and low maintenance requirements, it is an excellent choice for those looking to add beauty without a lot of effort. It thrives in part shade and moderate watering conditions, making it suitable for a wide range of garden settings. This tree's unique color and elegant form make it a standout feature in any garden, particularly in Japanese-themed landscapes. Additionally, it can be paired with hostas, ferns, and heucheras for a visually appealing display.

Optimal Growing Requirements

Sun: Part Shade

Soil: Well-draining, rich soil

Water: Moderate Watering

Hardiness Zone(s): Zone 5-7

Maintenance & Care

Maintenance Level: Low
Potential Pests & Diseases: Aphids, scale insects, root rot

Additional Information

Special Features: Stunning red foliage, adds color to the landscape
Common Uses: Focal point in the garden, Japanese-themed gardens
