Plant Description

Sambucus Lemony Yellow Lace, also known as Lemony Lace Elderberry, is a stunning shrub with bright yellow foliage that adds a pop of color to any garden. This moderate-growing plant produces creamy white flowers in spring, attracting birds with its berries in the fall. With its low maintenance requirements and drought tolerance, it is an excellent choice for borders or as a specimen plant. Plant alongside hydrangeas, Heuchera, or Astilbe for a beautiful garden display that will thrive in Canadian weather conditions.

Optimal Growing Requirements

Sun: Full Sun to Part Shade

Soil: Well-drained, fertile soil

Water: Moderate Watering

Hardiness Zone(s): Zone 4-7

Maintenance & Care

Maintenance Level: Low
Potential Pests & Diseases: Generally pest and disease resistant

Additional Information

Special Features: Drought-tolerant, attracts birds
Common Uses: Border plant, specimen plant
