Plant Description

Syringa Beauty of Moscow is a beautiful shrub that adds elegance to any garden with its fragrant white flowers in spring. This lilac variety is easy to care for, requiring only moderate watering and full sun. Its green foliage provides a lovely backdrop to the abundant blooms, attracting butterflies and other pollinators. With a moderate growth rate, this shrub can reach a height of 2-3 meters, making it a perfect focal point in a garden or as a border plant. Its low maintenance requirements and versatility in landscaping make it a popular choice for Canadian gardens.

Optimal Growing Requirements

Sun: Full Sun

Soil: Well-drained, fertile soil

Water: Moderate Watering

Hardiness Zone(s): Zones 3-7

Maintenance & Care

Maintenance Level: Low
Potential Pests & Diseases: Powdery mildew, lilac borer

Additional Information

Special Features: Fragrant flowers, attracts butterflies
