

## Plant Information

Common Name: Lungwort Raspberry Frost  
Scientific Name: Pulmonaria Raspberry Frost  
Plant Type: Perennial

## Physical Characteristics

Height/Spread: 30-40 cm tall, 30-45 cm wide  
Growth Rate: Moderate  
Flower Color(s): Pink and purple  
Foliage Color(s): Green with silver spots  
Bloom Time: Spring

## Plant Description

Pulmonaria Raspberry Frost is a charming perennial plant known for its striking pink and purple flowers that bloom in the spring. Its attractive green foliage with silver spots adds a unique touch to any garden, making it a popular choice for shady areas or woodland gardens. This Lungwort variety is easy to care for, requiring moderate watering and thriving in part shade. With its moderate growth rate and low maintenance needs, Pulmonaria Raspberry Frost is a versatile addition to any landscape, attracting pollinators and adding colorful interest to borders and containers alike.

## Optimal Growing Requirements

Sun: Part Shade

Soil: Well-drained, rich soil

Water: Moderate Watering

Hardiness Zone(s): Zones 4-8

## Maintenance & Care

Maintenance Level: Low  
Potential Pests & Diseases: Generally resistant to pests and diseases

## Additional Information

Special Features: Tolerant of dry shade conditions  
Common Uses: Ideal for borders, woodland gardens, and shady areas
