

Plant Information

Common Name: Mango Tango Potentilla
Scientific Name: Potentilla fruticosa 'Mango Tango'
Plant Type: Shrubs

Physical Characteristics

Height/Spread: 0.6-0.9 meters tall and wide
Growth Rate: Moderate
Flower Color(s): Apricot-orange
Foliage Color(s): Green
Bloom Time: Spring to Fall

Plant Description

Potentilla fruticosa 'Mango Tango' is a vibrant shrub that adds a pop of apricot-orange color to any landscape. Its green foliage provides a beautiful backdrop for the profusion of flowers that bloom from spring to fall. This low-maintenance plant is drought-tolerant and attracts butterflies, making it a great choice for gardens and borders. With its moderate growth rate and compact size, Potentilla 'Mango Tango' is perfect for mass plantings or as a focal point in a sunny garden. Pair it with lavender, salvia, or Russian sage for a stunning color combination in your outdoor space.

Optimal Growing Requirements

Sun: Full Sun

Soil: Well-drained soil

Water: Low to Moderate Watering

Hardiness Zone(s): Zones 3-5

Maintenance & Care

Maintenance Level: Low
Potential Pests & Diseases: Generally resistant, occasional issues with spider mites

Additional Information

Special Features: Drought-tolerant, attracts butterflies
Common Uses: Border plant, mass planting
