## Plant Description

*Convallaria majalis* 'Rosea' or Pink Lily of the Valley is a charming perennial plant with delicate pink flowers that add a lovely touch to shaded areas in the garden. This low-maintenance plant is ideal for woodland gardens or as a ground cover, offering both beauty and fragrance in the spring. With its moderate growth rate and preference for moist, well-draining soil, it thrives in partial to full shade conditions. Deer resistant and attractive to pollinators, Pink Lily of the Valley is a versatile plant that brings a touch of elegance to any landscape.

## Optimal Growing Requirements

Sun: Part Shade to Full Shade

Soil: Moist, well-draining soil

Water: Moderate Watering

Hardiness Zone(s): Zone 2-7

## Maintenance & Care

Maintenance Level: Low  
Potential Pests & Diseases: Susceptible to aphids and spider mites

## Additional Information

Special Features: Fragrant pink flowers, deer resistant  
Common Uses: Ground cover, woodland gardens, borders
