Plant Description

Hydrangea m Pop Star is a stunning shrub with pink and purple flowers that bloom throughout the summer. Its compact size and low maintenance make it perfect for borders or containers in gardens. This hydrangea is a rebloomer, producing flowers continuously, and its lush green foliage provides an attractive backdrop for the vibrant blooms. With moderate watering needs and part shade requirements, Hydrangea m Pop Star is a versatile and beautiful addition to any landscape. Pair it with complementary plants like hostas and ferns to create a cohesive and eye-catching garden design.

Optimal Growing Requirements

Sun: Part Shade

Water: Moderate Watering

Soil: Well-drained, loamy soil

Hardiness Zone(s): Zones 5-9

Maintenance & Care

Maintenance Level: Low
Potential Pests & Diseases: Susceptible to aphids and powdery mildew

Additional Information

Special Features: Rebloomer with long-lasting flowers
Common Uses: Ideal for borders, containers, and cut flowers
