

Plant Information

Common Name: Rozanne Cranesbill
Scientific Name: Geranium Rozanne
Plant Type: Perennials

Physical Characteristics

Height/Spread: 0.5 meters tall, spreading up to 1 meter
Growth Rate: Fast
Flower Color(s): Violet-blue with white centers
Foliage Color(s): Green
Bloom Time: Late spring to early fall

Plant Description

Geranium Rozanne, also known as Rozanne Cranesbill, is a stunning perennial plant that produces beautiful violet-blue flowers with white centers from late spring to early fall. It thrives in full sun to part shade and requires moderate watering. With a fast growth rate and low maintenance level, this plant is an excellent choice for borders, ground covers, and containers in Canadian gardens. Its drought-tolerant nature and long blooming period make it a popular choice for landscapers looking to add color and interest to their outdoor spaces. Pair Geranium Rozanne with hostas, Heuchera, and Salvia for a beautiful and harmonious garden display.

Optimal Growing Requirements

Sun: Full Sun to Part Shade

Soil: Well-draining, fertile soil

Water: Moderate Watering

Hardiness Zone(s): Zone 3-8

Maintenance & Care

Maintenance Level: Low
Potential Pests & Diseases: Slugs, snails, powdery mildew

Additional Information

Special Features: Long blooming period, drought-tolerant
Common Uses: Border plant, ground cover, container plant
