Bloom Time: Spring to Summer

Plant Description

Spirea Little Princess, also known as Spiraea japonica 'Little Princess', is a compact shrub with beautiful pink flowers that bloom in the spring and summer. With its low maintenance requirements and moderate growth rate, this shrub is an excellent choice for borders, hedges, or mass plantings in the garden. Its green foliage adds interest to the landscape, and it attracts butterflies with its blooms. Plant Spirea Little Princess in well-draining soil and provide moderate watering for optimal growth. Consider pairing it with companions like Lilac, Potentilla, or Hosta for a colorful and vibrant garden display.

Optimal Growing Requirements

Sun: Full Sun to Part Shade

Soil: Well-draining, Loamy soil

Water: Moderate Watering

Hardiness Zone(s): Zone 3-8

Maintenance & Care

Maintenance Level: Low
