Bloom Time: Late Spring to early Summer

Plant Description

Galium odoratum, also known as Sweet Woodruff, is a delightful perennial plant with delicate white flowers and fragrant foliage. It thrives in shady areas, making it ideal for woodland gardens and under trees. This low-maintenance plant spreads easily and adds a charming touch to any garden. With its unique fragrance and attractive blooms, Galium odoratum is a popular choice for gardeners looking to add beauty and interest to their landscape. Pair it with other shade-loving plants like hostas and ferns for a lovely woodland display.

Optimal Growing Requirements

Sun: Part Shade to Full Shade

Soil: Well-draining, moist soil

Water: Moderate Watering

Hardiness Zone(s): Zones 3-8

Maintenance & Care

Maintenance Level: Low
Potential Pests & Diseases: Generally pest and disease-free

Additional Information

Special Features: Fragrant flowers and foliage
Common Uses: Ground cover, woodland gardens, under trees
