

## Plant Information

Common Name: Weigela Spilled Wine  
Scientific Name: Weigela florida 'Spilled Wine'  
Plant Type: Shrub

## Physical Characteristics

Height/Spread: 60-90 cm high and 90-120 cm wide  
Growth Rate: Moderate  
Flower Color(s): Pink  
Foliage Color(s): Deep purple  
Bloom Time: Late spring to early summer

## Plant Description

Weigela Spilled Wine is a compact, deciduous shrub that adds color and interest to any garden. Its deep purple foliage provides a striking contrast to the pink trumpet-shaped flowers that bloom in late spring to early summer. This low-maintenance plant is perfect for borders or mass plantings, and its ability to attract hummingbirds and butterflies makes it a favorite among gardeners. With its moderate growth rate and adaptability to various soil types, Weigela Spilled Wine is a versatile and beautiful addition to any landscape.

## Optimal Growing Requirements

Sun: Full Sun to Part Shade

Soil: Well-draining soil

Water: Moderate Watering

Hardiness Zone(s): Zones 4-8

## Maintenance & Care

Maintenance Level: Low  
Potential Pests & Diseases: Aphids, spider mites

## Additional Information

Special Features: Attracts hummingbirds and butterflies  
Common Uses: Border plant, mass planting
